PRESIDENT' STUFF

NEXT MEETING : DR. BEN BROWN WILL SPEAK ON :

LEON TROUSSET: AN ITINERANT PAINTER IN NEW MEXICO.

GOOD SAMARITAN AUDITORIUM, 7PM THURSDAY, SEPTEMBER 21, 2006

George will have great news and will report on the particulars of the Amador Hotel project in this issue. Our work in creating a history museum is not done by any means, but we do have a building!

I would just like to say that in dealing with the City and County Administration, our three-man committee (Buddy Ritter, Chairman, George Helfrich, and myself) felt that we were given every opportunity to tell our story of preservation and the need for a history museum. There were times when communication was not as perfect as it could have been, but we expect that when dealing with so many and diverse entities. There were Councilors and Commissioners that went to bat for us and were enthusiastic from the start. Others had concerns and, after carefully considering the issues, came on board. I expect good help from all concerned in the future. We had only one negative vote. So from the depths of my heart THANK YOU to all of the City and County officials that backed us in this quest and please know that we will do all in our power to make this museum second to none. The County Historic Buildings Advisory Committee met many times early on and did much ground work when we were considering all options. The Sun -News was very supportive in helping publicize the issue and helped convince many who might have had doubts along the way. In short, there have been many people and organizations involved and I am not sure we could have succeeded with out all of you working with us.

The intrepid 40 members that came to the picnic braved a bit of rain, no mosquitoes, and no wind. Good food and drink and conversation was abundant. Will Tichnor reported on the City's efforts to update and organize the museum's collections as well as some of the plans for the future. So, as they say, "a good time was had by all."

There are several organizations that have asked us to help them publicize their meetings and programs, so look for those announcements as well.

The Branigan Cultural Center will host the King Tut Exhibit October 13 through January 2007. There will be a dire need for many volunteers to help with this wonderful collection. If you can spare some time please call Holly Bethune, Volunteer Coordinator, at 541-2322. There will be some training requirements for volunteers since so many people will be needed. The museum will need 12- 15 volunteers per day. It will be open 1pm-7pm weekdays and will have weekend hours also. We have had a day assigned to the Historical Society where we will furnish some 12-15 volunteers. The date is Friday, October 20th. Call Marcie Palmer (523-0621) to sign up.

Although Egypt is a long way from New Mexico, the civilization and culture had impact on our world. I am sure this will be a fascinating way to spend some volunteer time.

Thanks for your continuing interest and concern for our heritage and history. *Chuck*

Amador Update

On August 21st the City Council voted to accept the Amador property from the County with the understanding that a Foundation will be established, as proposed by the Historical Society, to raise the necessary funds to renovate and adapt the building to facilitate it as a museum. On August 22nd the Doña Ana County Commissioners voted to authorize the County Manager to negotiate transfer of the property to the City of Las Cruces. The DACHS Amador Museum Committee has been developing the necessary plans to establish an independent Amador Museum Foundation to raise funds from a variety of sources including Federal, State, non-profit, corporate and private

organizations and individuals. It has been proposed that a "Friends of the Amador" organization be established to assist in local fundraising and provide volunteer assistance to the City Museum Department. Efforts to remove the old bank drive-thru structure and follow-up action related to application for National Register designation are among the near term high priority concerns of the Committee. Mr. Buddy Ritter, Chairman of the DACHS Amador Museum Committee, has initiated the legal actions needed to create the Foundation and obtain 501C3 non-profit status. Once the property has been transferred there will be numerous opportunities for our members to take part in this long awaited project.
