Doña Ana County Historical Society

President's Comments

This is a time of year to both look back and to look forward. Last year was not unlike other years in that we had a number of interesting speakers culminating with Dr. Gerald Thomas's account of his experiences as a pilot during WW-II. We had some enjoyable and informative field trips both to WSMR and the picnic to the Cuevas where Mr. Frank Parrish gave an interesting account of the history of that area. While several of our members have passed away or moved to new locations and will be missed, we have gained some new members. Rick Hendricks produced another outstanding Review and Marcie Palmer and Donna Eichstaedt, of the Awards Committee, contributed to another great Banquet. Ms. Frankie Miller, our first recipient of the Mary and J. Paul Taylor Scholarship, presented an interesting report on her research, has contributed to our next issue of the Review and has joined our Board as chair of the Education Committee to replace Leslie Bergloff who did such a great job of organizing the Society's scholarship and grants program last year. Karen George continues to maintain our records as Historian, and provides responses to the inquiries received from the public. Your Board members have been busy preparing for our next Annual Banquet and Awards Program scheduled for Jan. 17th. Mr. Doyle Piland is producing a very fine newsletter with proof reading and corrections (of my grammar and spelling) by Lorraine Southward. Mary Lou Pendergrass continues to manage our very excellent website. I have often relied on our past presidents, Roger Rothenmaier and Chuck Murrell, and members Buddy Ritter and Felix Pfaeffle for support and advice. Our finances and membership records, now handled by Xandy Church, are being attended to far better than I

ever managed. I am truly thankful for the outstanding job that all of the Board members have done over the last year and the support that our membership has shown. The newly elected board members will provide new energy and fresh ideas and we look forward to 2009 and welcome any suggestions related to desired programs/speakers, new projects, contributions to the Review and support of the Scholarship Endowment. ■

**Meet our new Vice President,
George Hackler**

George is a native of Las Cruces, New Mexico in the Mesilla Valley of the Rio Grande River. He graduated from New Mexico State University with a double major in physics and mathematics. His career included rocket flight determination, heavy construction, and designing and construction of rocket propulsion test facilities.

His interest in Southwest history began at a very early age. His grandfather, Riburn Hackler, was a Tennessee railroad engineer who wanted

to be a cowboy and gave up a secure job to come west to Las Cruces in 1922. He cleared a farm out of the rough gravel hills on the west side of the river below Hatch. There was an Indian campsite and burial ground above the farm on a bluff overlooking the river. There, as a child, he spent endless hours searching for arrow points and potsherds, trying to visualize the lives and times of the people buried there. His other grandfather, George Cross, also came to the valley in 1922 where he worked on a steam-driven dragline bigger than the boarding house he lived in. The dragline was used to channel the river and dig drain ditches; it was later used to dredge for gold at Golddust near Hillsboro. It was from both grandfathers that he learned to harness and work draft horses and mules. It was during his stays on the farms and ranches that he learned what happens to a wagon when you turn a team too short and when a contrary mule steps over the tongue and tangles the traces. These experiences fueled his wonder and appreciation for the pioneers who opened transportation across the the far West. ■

Did You Know?

On July 9, 1945, Lt Col Harold Turner established then, White Sands Proving Ground, now White Sands Missile Range, and became its first Commander.

We wish to thank our

Since there were no buildings at White Sands Proving Ground, Lt Col Turner was temporarily living at the Amador Hotel in Las Cruces. Then, at 5:29:45 AM on July 16, 1945, while Lt Col Turner was sleeping at the Amador, the world's first Atomic Bomb was detonated on the northern end of his Proving Ground – without his knowledge. And that was only the first week of the White Sands Proving Ground/ Missile Range History. ■

Above, Dr. Gerald Thomas delivering his presentation titled *A Cockpit View of WW-II* at our 20 November meeting. Dr. Thomas's presentation was very interesting and informative. After the meeting, Dr. Thomas's book, *Victory in World War II, the New Mexico Story*, was available for purchase. ■
